GUEST EXPERIENCE

WELCOME TO PUERTO VALLARTA

Puerto Vallarta is arguably – and justifiably - one of the world's most iconic beach destinations. Located on Mexico's Pacific Coast and nestled between the Sierra Madre Mountains and Banderas Bay, the city is defined by diversity. Whether you are a foodie seeking a gastronomic awakening, an art buff hunting for the next sensation, an adrenaline enthusiast on the hunt for a new rush, or a traveler wanting nothing more than to

disconnect for a few days, Vallarta is the destination to cater to your every whim.

Welcome to Casa Tabachin's first annual guide to Puerto Vallarta: created to showcase the best of our beautiful city. Whether you're a first-time visitor or have enjoyed a long-term romance with the destination, this guide highlights some of our favorite gastronomic, cultural and entertainment haunts in the city, we're sure you'll enjoy.

WELCOME TO CASA TABACHIN'S VALLARTA.

Nestled amongst the colonial, narrow streets and alleyways of iconic Gringo Gulch, Casa Tabachin offers gorgeous interior design, luxury amenities and unbeatable views of the ocean and mountains. Just a few blocks from the Malecon & the famous Cathedral of Guadalupe with Los Muertos Beach & the Romantic Zone just beyond, Casa Tabachin is enviably located in the heart of Puerto Vallarta.

The Casa is continually upgraded and remodeled to provide the ultimate experience while showcasing the owner's fabulous art collection and the best of traditional and contemporary Mexican architecture to the backdrop of Banderas Bay.

Puerto Vallarta's near perfect climate encourages outdoor living and Casa Tabachin has been designed with that in mind; the main living, dining & kitchen flow onto an open concept living area overlooking the expansive pool terrace with full bath and wet bar, which itself looks over el Centro Historico and Vallarta's main beach. The top-level terrace has an 8-person Jacuzzi and outdoor living space, providing front row access to Vallarta's spectacular sunsets and sunrises. Add to that, our private concierge and chef service, and you are guaranteed an experience to overwhelm your senses.

Offering over 10,000 sq ft, 10 bathrooms, and up to 8 spacious bedrooms Casa Tabachin provides luxury flexibility and can be reserved as a 4, 6, or 8-bedroom vacation rental Casa for up to 16 guests.

The background image is a monochromatic orange-tinted photograph. On the left side, there is a large, highly detailed religious sculpture, likely a Pietà or a similar scene, featuring a central figure (possibly the Virgin Mary) holding a body. The sculpture is adorned with intricate carvings and a large cross on top. In the background, a cityscape is visible, with numerous buildings and a body of water in the distance. The overall tone is warm and historical.
